

New Paperless Certificates Information

Tired of filing paperwork? You can now opt for paperless certificates which can be viewed online.

More often than not, pedigree certificates are out of date as soon as they are printed as data is continuously being updated with regards to the animal and their ancestry through evaluation runs, DNA testing, completing lactations and classification. With online information being regularly updated, it has become apparent that a new online paperless certificate is necessary to ensure that up to date facts are known and used.

All Brown Swiss Cattle Society members are now able to download and print pedigree certificates online via the CDI Website. To access this, all you need to do is click on the link on the Brown Swiss Cattle Society website, where you will be taken to the CDI Website and you can sign in with your Prefix and PIN number.

Secure Login Area

Login here to access your herd list and to generate online certificates. Login is required to prevent account inactivity.

MEMBERS AREA LOGIN

1. Please Select Your Breed

2. Please enter your Prefix and PIN then click login:

MEMBERS OPTIONS - BROWN SWISS

You currently have the option to either generate certificates via a herd list or view downloaded certificates.

Please use the links below to access these facilities:

[Request Certificate via Herd List](#)

[Downloaded Certificates](#)

Once logged into the Members Section, all you need to do is follow these three simple steps:

1. Click the link 'Request Certificates via Herd List'
 - You will be taken to your Herd List where you are able to select a maximum of 10 animals that you require certificates for.
 - Each time an animal is selected it will appear at the top of the page where you have the option to remove the animal from the requests.
2. When you have finished selecting your animals, click on 'Run Certs'
 - The online certificates can take up to five minutes to generate depending on how many have been requested.
 - While this is taking place, you are still able to browse around the website
3. Then when the certificates have been generated, a green 'New Cert(s) available' link will appear on the top right of the page.
 - Click on this to get access to your online pedigrees
 - All certificates will be available for 48 hours only to ensure that certificates don't go out of date.

HERD LIST WITH ONLINE CERTIFICATE GENERATION - BROWN SWISS

powered by **CDI** CERTIFICATES MENU

Step 1 **Request Certificate via Herd List** Downloaded Certificates

Please start by clicking in the final column of herd list grid to select the desired animals (max 10). A "RUN CERTS" button will appear once you have at least 1 animal selected, click this to start the certificate generation.

If you no longer wish to receive Pedigree Certificates in the post, please contact the Brown Swiss Cattle Society Membership Services on 01452 883063 or email: office@brownswiss.org.

Quick Response Codes (QR Codes)

Ready, set, SCAN!

As of 1st October 2012, all pedigree certificates will have Quick Response (QR) Codes available on them which can be found in the top right hand corner by the Ear Tag Number. QR Codes are a type of barcode which hyperlink to a website address or URL. Originally invented in Japan for the automotive industry, they are becoming increasingly popular throughout the farming industry. They are generated by a computer program and can be read by a QR Reader which can be downloaded from your smartphone application store.
